

CSSE 304 Interpreter Time Log

Wesley Van Pelt

Partner: ~~Maxim Zaman~~ Nicholas Iasso

31 October 2016

| ISO 8601 Timestamp | Mode | Worked On | Comments |
|----------------------------------|----------|---|--|
| 2016-10-07T23:00:00-04:00/P6H | Together | Figuring out what to do and implemented primitive types | None |
| 2016-10-10T18:00:00-04:00/P3H30M | Together | Debugged primitive types, added ifs, and started let | None |
| 2016-10-12T20:00:00-04:00/P5H | Together | Debugged let | Let is hard |
| 2016-10-13T17:00:00-04:00/P1H | Alone | Debugged let | Let is still hard |
| 2016-10-13T18:00:00-04:00/P6H | Together | Finished milestone 1 | This seemed to take longer tha it should have... |
| 2016-10-14T20:00:00-04:00/P1H | Alone | Set up project on git and organized files | Git is cool |
| 2016-10-15T14:45:00-04:00/P2H | Alone | Started milestone 2 | I was bored at the football game |
| 2016-10-16T21:15:00-04:00/P5H | Together | Milestone 2 complete aside from syntactic expansion | None |
| 2016-10-17T19:00:00-04:00/P5H | Together | Milestone 2 complete aside from while and case | Didn't have time to implement while and case before midnight |
| 2016-10-24T13:00:00-04:00/P3H | Alone | Started milestone 3 | None |
| 2016-10-24T18:00:00-04:00/P6H | Together | Got most of milestone 3 done | Issues with improper lambda |
| 2016-10-30T19:00:00-04:00/P1H30M | Together | Figured out which interpreter to use, read through code | Working with Nick should be good |
| 2016-10-30T21:00:00-04:00/P1H | Alone | Cleaned up and figured out how his code works | None |
| 2016-10-31T01:45:00-04:00/P1H45M | Alone | Tried to debug let/switched interpreters | We changed our minds to use mine since all of the bugs are known |
| 2016-10-31T13:00:00-04:00/P1H30M | Alone | Implemented while, started implementing case | Finally getting stuff from milestone 2 working... |
| 2016-10-31T18:00:00-04:00/P4H45M | Together | All aside from lexical address and ref are working | Working with Nick is going really really really well |
